## EMPLOYMENT

McConway & Torely LLC, Pittsburgh, PA

### **Welder**

2009-2010

Responsible for welding on knuckles, couplers, and other railroad car parts to meet company specifications. Fillet welds, pencil welding, and padding are some of the welding processes used to achieve these specifications.

CCI INC. Pittsburgh, PA

2006-2008

### **Laborer**

Followed specific instructions to complete each demolition project. Required to read and have knowledge of welding and cutting symbols on blueprints. Operated heavy equipment, hand held tools and cutting torches to achieve deadline goals.

Golden Broom Construction, Crafton, PA

### **Foreman**

2002-2006

Prepared cleaning schedule for all maintenance account holders. Installed air conditioners, carpeting, and cable lines for various sites. Communicated with managers on completing any and all tasks under contract.

Duncan Excavating, South Park, PA

### **Equipment Operator**

1999-2002

Performed preventive maintenance and repairs on company's vehicles & machinery. Handled all topsoil orders for pickup and delivery. Responsible for opening and closing of worksite.
